Q1 Finance Review

Executive Summary

Revenue improved while cost growth stayed controlled. The analysis below combines invoices, spreadsheets, and notes.

Key Findings

- Revenue: 1.18x versus prior period
- Cost variance: +1.9% quarter-on-quarter
- Primary driver: stronger enterprise renewals

Regional Breakdown

Region	Revenue	Variance
North	420000	+5.2%
South	315000	+2.8%
West	280000	-1.1%

Query Used

```
SELECT region, SUM(revenue) AS total_revenue
```

```
FROM finance_q1
```

```
GROUP BY region
```

```
ORDER BY total_revenue DESC;
```

Recommendations

1. Expand enterprise retention program in North and South.
2. Run margin diagnostics for West.
3. Add weekly anomaly checks on invoice-level data.
